

YOKED PAIR OF ARMS.....\$200.00

For attachment to our Industrial and Student model forms

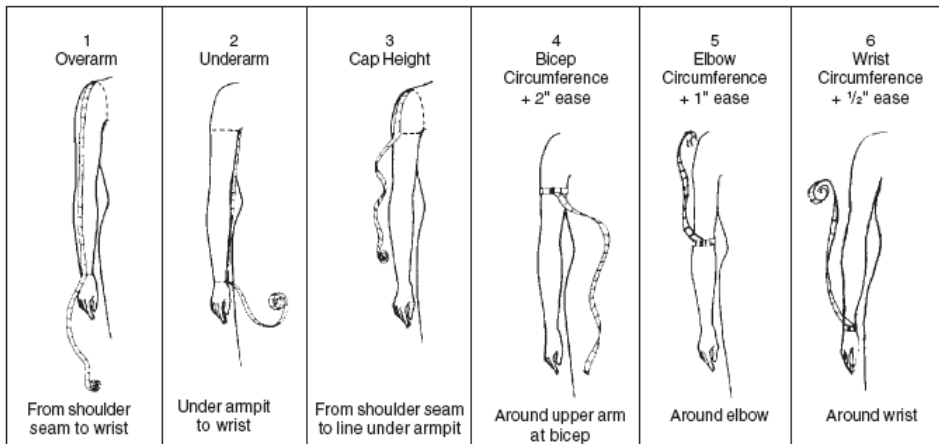

Dress Rite arms are stuffed with filling for flexibility. Right and left arms differ with a normal elbow bend. Arms are attached to each other by a yoke which slides over the neck making attachment and removal fast and easy.

Dress Rite arms can be made to any dimension. However, deviations from the standard size chart shown below require a \$50.00 pattern fee. On the chart, the male sizes are actual, the female sizes include 2" ease at bicep, 1" ease at the elbow, and 1/2" at the wrist.

Children's arms will be made to ASTM standards which show actual dimensions. Generally there is a 1" circumference difference between the armscye and the upper arm disc on infants, 1 1/4" in sizes 3-5, 1 1/2" in sizes 6-8, 1 3/4" in sizes 9-12, and 2" circumference difference in Juniors and adults. Elbows and wrists are proportional to the upper arm disc.
